Index to MACHINERY

A

Abell, Oliver J., Personal of..... 92
Abrasion of Manganese Rails..... 887
Abrasive Machine Tool Co.:
Surface Grinding Machine..... 372
Accidents, Decrease in Industrial.....1015
Accidents, Industrial 1086
Accidents, Lost Time Through..... 681
Accidents Measured by Time Lost..... 428
Accidents on Monday. Robert Grimshaw.....1035
Accidents, Treatment of Wounds Due to Industrial 569
Accles, William Sloane, Obituary of..... 768
Accuracy of 60-degree Points for Gaging Thread Angles, Testing. Charles W. Carvette.....1039
Accumulator Protective Valve, Hydraulic.....1158
Accurate Machine Co.:
Roller Bearing Friction Clutch for Machine Tools 369
Acme Machine Tool Co.:
Universal Turret Lathe..... 661
Acme Screw Threads, Finding Effective Bearing Area of. Harry S. Kartsher..... 440
Act, Trading with the Enemy..... 280
Adams, Ogden R.:
"Short-cut" Lathe..... 957
Adapters, Salvaging High-explosive Fuse. John A. Shand 742
Advance Engineering Co.:
Filing Machine 962
Advance Felt Specialty and Cutting Co.:
Widney Resiliometer 1150
Advertising to Engineers and Draftsmen, Value of Trade Journal. C. C. Marsh..... 599
Agerter, George W., Personal of.....1168
Aggregates, Washing Concrete. Robert Grimshaw 247
Ahlers, Joseph A.:
Efficiency Points in Boring Fixtures..... 343
Air Compressor, Portable 1159
Air Flask Heads, Luster-Jordan Lathe for Torpedo 76
Air Lines, Moisture Separater for Compressed. 758
Air-operated Hammers, Use of. W. A. Lailer.. 742
Air Rifle, see Rifle
Air Terms, Definition of Compressed.....1146
Air-tight Castings 728
Airplane, Materials Necessary for an..... 925
Airplane Motors, Laboratory for Testing..... 122
Airplane Production Section, Removal of Headquarters of War Department..... 666
Airplane Propeller Lathe 268
Airplane Propellers, Mahogany Used for..... 141
Airplane Record in America, New..... 277
Airplane Strut Turning Machine, Fitz-Empire... 753
Airplane Strut Turning Machine, Mattison.... 856
Airplane Tie-rods, Making 26
Airplanes, Men Required for Mechanical Work on. 393
Alcohol as a Fuel for Internal Combustion Engines. 708
Alcohol from Sawdust 802
Alcohol from Sawdust, Production of..... 277
Alcohol, Using Garbage in Production of..... 501
Alignment Charts. George L. Hedges..... 615
Alloy, Finding the Amount of Metals in an..... 550
Alloy for Soldering Cast Iron..... 143
Alloy, New Bearing 799
Alloy, Tantalum-gold-copper 1122
Almond Mfg Co., T. R.:
Micrometers 173
Alsberg, Julius, Personal of.....1070
Althen, George J., Obituary of..... 666
Aluminum in Brass Castings. Mark Meredith..1037
Aluminum Industry, The 211
Aluminum Ingots, British Selling Price of.... 44
Alundum, Crystolon Refractories 83
Amalgamated Machinery Corporation:
Planers 758
Gun Boring Lathe..... 758
Shell Turning Attachment..... 962
America, New Airplane Record in..... 277
American Corporations in Neutral Countries.... 567
American File Renewing Co.:
File Renewing 242
American Gage Co.:
Amplifying Gage 756
American Gear Manufacturers' Association:
Semi-annual Convention 179
Second Annual Convention 864
American Institutions Worth to You? How Much are 689
American Locomotive Co., Apprentice Department of the. C. K. Getchell.....1086
American Machine Tool Engineering Works:
"Amtew" Engine Lathe..... 259
American Pneumatic Chuck Co.;
Air-operated Chuck 657
American Pulley Co.:
Steel Split Pulley..... 172
American Railway Master Mechanics' Associations not to be Held, Conventions of Master Car Builders' and..... 470
American Sales Co.:
"Sectostyle" for Cross-sectioning 1058
American Shell Co.:
Manufacture of U. S. 75-millimeter Shell:
1 590
2 730
3 794
4 890
American Society of Mechanical Engineers:
Annual Meeting 311
Gage Committee 397
Annual Convention 458
January Meeting 578
February Meeting 661
March Meeting 763
April Meeting 861
Spring Meeting 944
May Meeting 963
Spring Meeting 1060
Report of the Screw Thread Committee.....1061
Committee for Readjustment of Industries for War Work 1090
Americanization—A Vital Problem in the Industries 1122
Americanization in Industrial Plants.....1160
Americanization of Immigrant Labor in Our Industries 515
Ames, F. W., Personal of 480
Ammeters, Voltmeters and..... 177
Ammonia for Fire Extinguishing. A. Schleimer. 443
Ammonia for Fire Extinguishing. F. E. Matthews 744
"Amtew" Engine Lathe..... 259
Ancient Lathe, An. Guy H. Gardner..... 30
Anderson, O.:
Power Hacksaw on Lathe Work..... 56
A Point in Drilling Machine Design..... 246
I-beam Boring-bar 544
Using Taper Wedges in Cutting Square Threads. 644
Angle Bending Machines, Kane & Roach..... 753
Angle between Cams of a Four-cylinder Engine. M. V. Terry 650
Angle of Rest of Shells..... 64
Angle of Rest of Shells. V. Charushin..... 345
Angle of Rest of Shells. Harry S. Kartsher... 345
Angle of Special Screw Thread, Finding. J. J. Clark. 1043
Angle Square, Ware Graduated 76
Angle Testing Device for Thread Gages, Harris Lead and 178
Angle, Trigonometric Functions for Any..... 63
Angle, Trigonometric Functions for Any. G. S. Bowling 343
Angles, Checking 60-degree Points for Gaging Thread. Charles W. Carvette.....1039
Angles, Effect of Tool Height When Turning... 348
Angles for Stub-tooth Bevel Gears, Finding Face and Cutting..... 247
Angular-hole Drilling Tools, Watts..... 952
Anniversary, Joseph L. Ryerson & Son Celebrate Seventy-fifth 277
Apex Drill Co.:
Combination Center Drill and Countersink.... 567
Apex Steel Corporation:
Zambone Pressed-metal Wheel..... 640
Appraisal Methods and Items that Comprise the Reproduction Cost Method, Different. Charles W. McKay 532
Apprentice Department of the American Locomotive Co. C. K. Getchell.....1086
Apprentice, The Future Status of the. C. C. Hermann 889
Apprenticeship, see School, Trade Courses
Arbitration for Labor Disputes..... 991
Arbor, Stud 1013
Arbor, Threading-tool Setting. Herbert V. Coulston 548
Arbors and Fixtures, Work-holding. Douglas T. Hamilton 145
Arbors, Supports for Milling Machine. Luther D. Burlingame 992
Arc, Finding the Radius of a Concave. Guy H. Gardner 762
Arc-forming Tool, An. P. Vuille..... 543
Arc, Radius and..... 348
Arc Welding, see Welding
Arch, Radius of Smoke. Ernest A. Koschinske. 61
Arcwell Corporation:
Alternating-current Arc-welding Machine....1058
Armandroff, Taft S.:
Kink for Cross-sectioning Drawings..... 347
Which Way is Cheaper?..... 551
Armature Shafts, Inverted Drilling of..... 630
Arms, Robert L., Personal of..... 578
Army, Conservation of Skilled Labor by the.... 766
Army Men, Occupational Qualifications for.....1142
Army Service, Training Mechanics for..... 963
Army Truck into Lathe for Turning Wooden Shells, Converting Motor.....1122
Army Truck, Standard 206
Assembling, Eliminating Waste in Manufacturing and. H. D. Murphy..... 40
Assembling, Jigs and Fixtures for Milling and. S. Helweg 139
Assembling Time Fuses, Loading and. G. C. White 671
Assembly of Magneto Coils for Ford Cars, The Progressive 52
Assembly, Progressive Inspection and..... 20
Associated Business Papers, Editorial Conference of. 449
Association of Cleveland, Industrial..... 328
Association of Machine Tool Importers, French. 760
Attachment for Bilton Milling Machine..... 853
Attachment for Brinell Test..... 860
Attachment, Shell-turning..... 962
Aurora Tool Works:
Vertical Drilling Machine..... 851
Australian Customs Tariff, Report on the.....1115
Autogenous Welding, see Welding
Automatic for Ring Bevel Gears, Fay..... 165
Automatic Screw Machine, see Screw Machine
Automobile Cylinders, Lapping. Art Sandberg. 742
Automobile Differential Cross, Machining an. Albert A. Dowd 1143
Automobile in America, Tooling a Foreign. Thomas Orchard 410
Automobile Industry, Importance of..... 632
Automobile Parts, Heat-treatment of..... 478
Automobile Springs. Chester L. Lucas..... 38
Automobile Steering Posts, Manufacturing. P. J. Visco 576
Automobiles for Driving Machinery, Using..... 687
Automotive Engineering and the Great War.... 538
Axle Drilling Machine..... 82
Axle Lathe, Niles-Bement-Pond..... 754

B

Babbitt, Arthur B., Personal of.....1068
Babbitt Bushings, Burnishing Tools for. C. C. Spreen 836
Babbitted Bearings, Formation of Blow holes in.1140
Babbitting Solid Cross-heads..... 249
Backing off Milling Cutters in the Lathe, Fixture for. E. J. Higgins.....1038
Bakelite at High Speed, Drilling.....1024
Baker, Donald A.:
Ring Turning, Facing, and Serrating Machine. 143
Time-ring Disk-seat Recessing Machine..... 181
Who Blundered—The Draftsman or the Machinist? 250
Women Workers in the Shop..... 451
Manufacturing Time Fuse Rings..... 612
Notching and Assembling Punch and Die for Shell Fuse Socket 1022
Special Shell Drilling Machine.....1131
Baker, Donald A., Personal of..... 666
Baker Bros.:
Axle Drilling Machine..... 82
Designing Fixtures to Increase Production on Drilling Machine 793
Use of Box Jigs.....1132
Baker, R. & L. Co.:
Motor-driven Trucks 962
Baker, Richard Ward, Obituary of..... 866
Balancing Apparatus, Recent Developments in.. 497
Balancing Machine, Dynamic 567
Balancing Screw Propellers. Robert Grimshaw. 346
Baldwin, Tuthill & Bolton:
Dresser for Grinding Wheels.....1159
Baler, Economy Scrap Metal..... 950
Baling Press, Scrap Metal..... 860
Ball Bearing Drilling Machine, High-speed..... 747
Ball Bearing, Robson & Sorensen Two-part.... 69
Ball Bearing, Robson & Sorensen Two-part.... 161
Ball Bearings 45
Ball Bearings for Hand-power Details. Mark Meredith 251
Ball Bearings for Machine Shop Equipment—1. Edward K. Hammond 1097
Ball Contact Points to a Beam Caliper, Attaching. William S. Rowell.....1040
Ball Crank, Quick-action..... 567
Ball, Fred V.:
Measuring Tapers and Ring Gages.....1036
Ball, Martin H.:
Fixture for Facing Work Carried on a Lathe Carriage 247
To Graduate a Planer Head without Special Appliances. 653
Loss Due to not Moving Parts Quickly..... 832
Balls That can be Placed in a Cubical Tank, Number of. J. J. Clark 650
Band Re-saw..... 177
Band Saw, Napier..... 83
Band-saw Wheels, Putting Rubber on. J. L. Gard 1135
Bands without Tools, Shrinking on. Donald A. Hampson 245
Bannister, J. C., Personal of..... 480
Bar Machines, New Britain Automatic Chucking and 562
Bar Stock, U-stakes for Piling. L. J. Orr..... 159
Bars, Making Jigs from Square Cast-iron..... 180
Bars, Twisting and Bending Moments in Square and Rectangular. Victor M. Summa..... 681
Barany, Edmund, Personal of..... 280
Barber-Colman Co.:
Gear-hobbing Machine 268
Bardwell, H. F., Personal of..... 280
Barnes Drill Co.:
Gang Drilling Machine..... 177
Drilling and Tapping Machine..... 268
Drilling Closely Spaced Holes..... 886
Barnett Foundry & Machine Co.:
Winans' Vise.....1052
Barrel Calibrating and Straightening Machine, Sponsel Gun 237
Barry Mfg. Co.:
Filing Machine 1059
Bartman, Jr., A. C.:
Inside Countersinking 545
Battey, William A., Personal of..... 280
Bearing, see Ball, Roller
Bearing Alloy; New 799
Bearing Area of Acme Screw Threads, Finding Effective. Harry S. Kartsher..... 440
Bearing Material, Manufacture of a Self-lubricating 631

656C8

Bearings Due to Belt Pull, Pressure on. John S. Myers 253
Bearings for Machine Shop Equipment. Edward K. Hammond 975
Bearings, Formation of Blow-holes in Babbitted.1140
Bearings, Grease Gun for Filling New. C. C. Spreen 345
Becker Milling Machine Co.:
Universal Milling Machine..... 759
Continuous Milling Fixture 830
Beckett, John R.:
Graduating a Planer Head..... 549
Quarter-twist Belts 650
Beckman Co., R. W.:
Chord Plates 861
Belgium, National Society for the Reconstruction of.....1164
Belt Coupling, Steel 1159
Belt Dressing Distributor 1059
Belt Fastener 1059
Belt Lacer, Detroit..... 73
Belt Pull, Pressure on Bearings Due to. John S. Myers 253
Belt Shifter, Durable. Charles H. Willey..... 548
Belt-shifting Appliance.....1084
Belts on Pulleys, Placing Tight. W. A. Lailer.. 246
Belts on Pulleys, Placing Tight. C. C. Hermann 344
Belts, Quarter-twist. 252
Belts, Quarters-twist. John R. Beckett..... 650
Bench for Machine Units, Testing..... 52
Benches, Design and Construction of Work. Frank H. Mayoh..... 880
Bender, Herman H.:
Making Whitworth Thread Gages..... 483
Bender, see Bending Machine
Bender, Tube. Ernest Schwartz..... 157
Bending and Torsion, Formulas for Combined... 552
Bending Concrete Reinforcing Rods. L. M. Hamlet 646
Bending I-beams. John S. Myers..... 350
Bending Machine, Kane & Roach Circular.....1152
Bending Machine, Kane & Roach Tunnel Plate. 261
Bending Machines, Kane & Roach Angle..... 753
Bending Moments, Combined Twisting and. Victor M. Summa..... 307
Bending Moments in Square and Rectangular Bars, Twisting and. Victor M. Summa..... 681
Bending Press, Southwark Plate..... 465
Bending, Stresses in Wire Rope Due to..... 63
Bennett Metal Treating Co.:
Triad Combination Hardening, Preheating, and Tempering Furnace 660
Berggren & Pearson Machine Co.:
Universal Drill Jig..... 177
Bernitt, Charles E.:
Sensitive Drilling Machine Spindle Construction 704
Besly & Co., Charles H.:
Spindle Construction 176
Bessom, Edward J.:
An Unusual Screw 446
Betz, William C.:
To Graduate a Planer Head without Special Appliances 654
Sine Bars of Improved Design..... 933
Bevel Gears, Fay Automatic for Ring..... 165
Bevel Gears, Finding Face and Cutting Angles for Stub-tooth 247
Bevel Gears, Strength of Spiral Type. Reginald Trautschold 1111
Beveled Work, Setting Shaper Head to Cut off Corner of 162
Beveling Table, L. P. Walls Multiple Saw and. 369
Bickett Machine & Mfg. Co.:
Planing Machine 1059
Bicknell-Thomas Co.:
Tapping Attachment 78
Bicycle Industry, Statistics on the..... 536
Bicycle, Pedal Tool Equipment for Making Stud of a 447
Bicycles Becoming Popular in England..... 403
Biggs Watterson Co.:
Thread Milling Machine..... 955
Billet Shear, Southwark 500-ton..... 464
Bilton Machine Tool Co.:
Milling Cutters 567
Attachment for Bilton Milling Machine..... 853
Bin for Castings, Stocks. C. C. Spreen..... 646
Bin, Stock 177
Bird, Charles L., Personal of..... 666
Bismuth, Use of..... 817
Black Finish on Steel..... 531
Blanks, Heat-treatment of Gear..... 845
Blevney, J. C.:
Finishing Machine 173
Blomquist-Eck Machine Co.:
Wheel Inspection and Truing Machine.....1056
Blow-holes in Babbitted Bearings, Formation of.1140
Blow Torch 469
Blueprint and Drawing Holder..... 469
Blueprint Rack, Folding 962
Blueprint Wringer, Shaw.....1149
Bluing Steel. W. B. Greenleaf..... 997
Blundered—The Draftsman or the Machinist?, Who. Donald A. Baker..... 250
Blundered—The Draftsman or the Machinist?, Who. E. H. Bruce..... 344
Blundered—The Draftsman or the Machinist?, Who. George F. Kuhne..... 344
Blundered—The Draftsman or the Machinist?, Who. H. L. Shram..... 344
Blundered—The Draftsman or the Machinist?, Who. H. D. Murphy..... 344
Blundered—The Draftsman or the Machinist?, Who. Robert Mawson..... 446
Boat, First Reinforced Concrete..... 738
Boats in Norway, Method of Launching Concrete 790
Bode, J. C. P.:
Figuring in the Metric System..... 939
Bogart, H. M.:
Centering Tool..... 61
Bogert, Ormonde:
Problem in Trigonometry 547
Boiler Plates, Autogenous Welds of..... 87
Boiler Tubes, Removing Scale from Short. James F. Hobart..... 55
Bollinckx, A.:
Reason for Superiority of Gun Tap..... 543
Bolt and Nut Locking Device..... 360
Bolt Cams in Rifle Receivers, Cutting. H. C. Evans 338
Bolts, Misuse of Wrenches in Tightening Covers 92
Bolton, F. C.:
Grinding Wheel Truing Device..... 744
Bond, Third Liberty 689
Bonus for Punctuality and Attendance..... 519
Bope, Colonel Henry P., Personal of..... 866
Boring a Large Flywheel with Improved Tools. John H. Van Arkel..... 53
Boring and Drilling Machine, Horizontal.....1159
Boring and Drilling Machine, Rockford..... 169
Boring, and Tapping Machine, Drilling, ...1059
Boring and Turning Mill, Niles-Bement-Pond Extension 959
Boring Attachment for Lathe. C. W. Wilkinson 739
Boring Attachment, Grinding and.....1059
Boring-bar. M. E. Stock..... 61
Boring-bar, I-beam. C. Anderson..... 544
Boring-bar, Solid Adjustable. W. R. Stults.... 59
Boring Fixtures, Efficiency Points in. Joseph A. Ahlers 343
Boring Fixtures, Efficiency Points in. Leroy M. Curry 542
Boring Lathe, Gisholt Shell..... 748
Boring Machine, Drilling and..... 268
Boring Machine, Lambert Horizontal..... 958
Boring Machine, Oliver Wood..... 857
Boring Machine, Pedrick Duplex..... 1049
Boring Machine, Special Horizontal. J. P. Brophy 761
Boring Machine, Springfield Gun..... 847
Boring Mill, A Reinforced Concrete..... 374
Boring Mill, Giddings & Lewis Horizontal..... 470
Boring Mill, Pawling & Harnischfeger Co.'s.... 372
Boring Mill Table, Repairing a Large.....1045
Boring Mill, Using Planer as. Richard Gibbs.. 441
Boring, Milling, Drilling, and Tapping Machine. 861
Boring on Lathes, Depth Gage for..... 157
Boring, Reaming, and Facing Machine, Reed-Prentice 464
Boring Tool, Counterbore, End-Mill, Hollow-mill and 83
Boring Tool, Expandem..... 947
Boring Tool, Special Taper. H. F. Clifford....1040
Boring Tool-holder, Toolmaker's. Charles W. Carvette 548
Borkenhagen, John J.:
Machining Expansion Seats for Automatic Sprinkler Heads 53
Screw Machine Set-up Charts 743
Tapping Stud Nuts in Screw Machine..... 833
Interchangeable Ejector for Hand Screw Machines 1038
Boron for Casehardening 702
Boston Gear Works:
Stock Gear Exhibition Machine..... 200
Bourrelet Rolling Machine, Gray Knurling and.. 958
Bowe, Albert P., Obituary of..... 378
Bowling, G. S.:
Trigonometric Functions for Any Angle..... 343
Bowser & Co., F. S.:
Intensive Production on Drilling Machines.... 914
Box Jigs, Quick-locking Device for. E. Edwards. 54
Box Jigs, Use of.....1132
Boyce, James W.:
Jig for Straight and Angular Drilling..... 441
Boye, Eben, Personal of..... 967
Brace, Air-rifle. W. B. Greenleaf..... 832
Brady, F. Webster:
Movement of U-rest..... 63
Brainard, S. W., Personal of..... 666
Brake, Magnetic. 661
Brandes, H. L., Personal of..... 280
Brass, A Substitute for. Mark Meredith..... 618
Brass, Bronze, and Copper Industry, Census of.. 820
Brass Castings, Aluminum in. Mark Meredith..1037
Brass Door Knob, Making a One-piece. Robert Morris 246
Brass Drilling Machine, Reed-Prentice..... 467
Brass-Foundry Problems 318
Brass, Inspection of Bronze and..... 511
Brass Reclaiming Plant, A..... 628
Brass Work, Built-up Tools for. Chester W. Hathaway 835
Brazil's Exports of Manganese..... 211
Brazing Furnace 58
Brazing Stellite to Steel Shanks..... 759
Brazing Torch 1159
Breaker, An Efficient Drill..... 200
Breedlove, L. B.:
Using Pipes as Rollers.....1160
Brewster & Co., Inc., William: "Etchograph".. 70
Brickwork, Cement for Closing Large Cracks and Small Holes in.....1034
Bridge, Completion of the Quebec..... 184
Bridge, Opening of New Quebec..... 469
Bridgeport Die & Machine Co.:
Surface Grinding Machine..... 756
Brigham, George H.:
A Jones & Lamson Man in Russia during the Revolution 205
Brinell Test, Attachment for 860
Brink, L. R., Personal of..... 378
Briquetting of Non-ferrous Light Metal Scrap.. 473
British Channel, Postponement of Construction of Tunnel under..... 213
British Government, Iron Ore Mines Controlled by 340
British Industries, Women in..... 887
British Machine Shops, Women in..... 42
British Patent Law, Proposed New..... 608
Brittle While Electroplating, To Prevent Springs from Becoming 1120
Broach for Sizing Holes in Armature..... 551
Broach, Saving A. Eric Lee..... 545
Broaching Operations on One-pounder Guns. Francis J. Lapointe 964
Broaching Square Holes. Stanley Edwards.... 833
Broaching Teeth of Internal Gears..... 236
Bronze and Brass, Inspection of..... 511
Bronze, and Copper Industry, Census of Brass.. 820
Brooks, W. H.:
Why Didn't It Explode?..... 58
Brophy, J. P.:
Our Most Important Industry..... 128
Simple but Efficient Milling Fixture..... 537
Special Horizontal Boring Machine..... 761
Brown & Sharpe Mfg. Co.:
War Work for Women..... 682
Brown, D. P., Personal of.....1068
Brown Hoisting Machinery Co.:
Locomotive Gantry Crane..... 759
Bruce, E. H.:
Who Blundered—The Draftsman or the Machinist? 344
Bruno Mfg. Co.:
Slotting Attachment 750
Bucher-Smith & Co.:
Portable Keyseater 260
Buckeye Tool & Machine Co.:
Drilling Machine 469
Buffalo Forge Co.:
Slitting Shear, Punch, and Bar Cutter..... 947
Buffalo-Pitts Co.:
Shell Lathe.....1059
Buffum, F. D.:
Spacing and Thickness of Lines in Cross-hatching 344
Bullard Machine Tool Co.:
Six-Spindle Vertical Lathe..... 469
"Maxi-mill" 945
Bureau of Standards, Report of the..... 628
Burlingame, Luther D.:
Length of a Worm or Hob..... 180
War Work for Women..... 682
Supports for Milling Machine Arbors..... 992
Burnishing Tool for Babbitt Bushings. C. C. Spreen 836
Burt, C. R., Personal of..... 378
Bush, Walter E., Personal of.....1068
Bushing Extractor. C. H. Willey..... 249
Bushing-holder Guide, Pump-spring. Earl S. Hutton 251
Bushing with Retaining Device, Slip. C. Jouve. 649
Bushing with Retaining Device, Slip. Hugh H. Lee 1146
Bushing with Retaining Device, Slip. Robert Mawson 939
Bushings, Burnishing Tool for Babbitt. C. C. Spreen 836
Bushings, Device for Lining up Small Drills with Drill. Alfred Pilling.....1135

C

Cab Heater, Crane..... 758
Cabinet for Emery Wheels and Oilstones, Lapping Plate and. Warren H. Dunbrack..... 937
Cabinets, Tool and Stock Storage. Ellis J. G. Phillips 1137
Cable Covering Press, Southwalk Lead..... 749
Cable, Heat-treatment of Chain..... 83
Cable, Tension in a Loaded. J. J. Clark..... 651
Cadmium for Rustproofing..... 633
Cadmium for Rustproofing. A. Schleimer..... 696
Calibrating and Straightening Machine, Sponsel Gun Barrel 257
Caliper, Attaching Ball Contact Points to a Beam. William S. Rowell.....1040
Caliper, Direct-reading 83
Caliper Square, Ball-point Holer for. E. J. Higgins 836
Calipers, Hermaphrodite. George Werner, Jr..1139
Callan, H. W., Personal of.....1168
Calorized Iron as an Element for Thermo-couples 824
Cam Cutting Attachment for Milling Machine. D. M. Perrill 541
Cam Cutting on a Drilling Machine. Thomas James 1138
Cams in Rifle Receivers, Cutting Bolt. H. C. Evans 338
Cams of a Four-cylinder Engine, Angle between. M. V. Terry 650
Cams, Templet for Laying out. Ralph R. Weddell 445
Cambridge Scientific Instrument Co.:
Precision Screw Measuring Machine..... 495
Campbell, C. L., Personal of..... 970
Canadian Crippled Soldiers 642
Canadian High-explosive Shells, Requirements and Treatment of..... 641
Canadian Shell Production..... 641
Canedy-Otto Mfg. Co.:
Engine Lathe 80
Canton Foundry & Machine Co.:
Portable Crane 268
Capacity of Cylindrical Tank at Different Levels. 252
Capital Die, Tool & Machine Co.:
Gas Furnaces 469
Car, Dump 177
Car in America, Tooling a Foreign. Thomas Orchard:
1 410
2 534
Cars in 1917, Production of Locomotive and Railroad 889
Carbon Steel, To Distinguish Highspeed Steel from 1139
Carbonize, Carburize and..... 998
Carburize and Carbonize..... 998
Carburizing Plant, A Well-arranged. C. B. Langstroth 329
Card Index Production System. Lewis Johnson. 522
Cardboard Forming. R. A. Monte..... 33
Cardboard Shapes, Forming. G. R. Smith..... 340
Carlson, W. W.:
Effect of Rapid Cooling of Castings on Machining 445
Carpenter, C. E., Personal of.....1070
Carpenter, Charles A.:
Jobbing-shop Production 569
Carriage, Fixture for Facing Work Carried on a Lathe. Martin H. Ball..... 247

Carriage, Traverse Motion for Grinder. F. R. Daniels 1136
Carter, Alfred E.:
An Indicator Used for Cutting Internal Threads 790
Carter & Bucholz Co., Inc.:
Disk Grinding Machine 268
Sanding Machine 860
Carvette, Charles W.:
Toolmaker's Boring Tool-holder 548
Checking 60-degree Points for Gaging Thread Angles 1039
Casehardening, Boron for 702
Cast-iron Pulleys, Advantages of Steel over. W. F. Schaphorst 824
Cast-iron Vessels, Tinning 1018
Cast Iron, Alloy for Soldering 143
Cast-iron Channels, Effect of Flanges on 966
Cast-iron Cylinders, Strength of. John S. Myers 348
Cast Iron, Heat-treatment of Gray 435
Cast Iron vs. Saving Time in Machining, Saving. 688
Castellating Machine 962
Casting of German Silver 132
Castings, Air-tight 728
Castings, Aluminum in Brass. Mark Meredith. 1037
Castings, Seasoning 650
Castings, Snagging Malleable Iron 589
Castings on Machining, Effect of Rapid Cooling of. W. W. Carlson 445
Castings with a Planer Grinding Fixture, Grinding 62
Casualty List of Peace, The 276
Catalogues, Mechanical Data in. Albert A. Dowd 991

Straightening High-speed Steel Reamers.... 57
Whitney & Son, Baxter D.:
Cylinder Grinding Machine 758
Whitworth Thread Gages, Making 483
Whitworth Thread Gages, Master. W. T. Iler, Jr. 51
Widney Resiliometer 1150
Wilkinson, C. W.:
Boring Attachment for Lathe 739
Willard, Daniel, Personal of..... 478
Willard Machine Tool Co.:
Tool-room Lathe 856
Willey, A. H., Personal of 866
Willey, C. H.:
Bushing Extractor 249
Durable Belt Shifter 548
Equalizing Vise Jaws 940
Nut-lock Plate 1139
Williams, Earl Trumbull, Personal of..... 967
Williams Machinery & Supply Corporation, A. R.:
Turret Lathe 1159
Williams, Sidney J., Personal of 1168
Wilmarth & Morman Co.:
Automatic Feed Mechanism for Wilmarth & Morman Universal Cutter and Tool Grinder.. 463
Wilson, J. M., Personal of.....1168
Wilt Process of Twist Drill Manufacture, The. Franklin D. Jones 1007
Win the War, How American Mechanics Can. B. M. W. Hanson 990
"Winans' New Idea" Vise 1052
Winder, Spring 1027
Winding Method, Simple Spring-. H. F. Misener. 342
Winding Springs, Device for. Gustave J. Horak. 605
Window Glass Output, Reduction in.....1002
Wire Method of Measuring Worm Threads, Error in. Howard H. Wright..... 439
Wire Nails Coated with Rosin, Manufacture of Special 144
Wire Rope Due to Bending, Stresses in..... 63
Wires, Seaboldt Lapped Measuring 554
Wisconsin Electric Co.:
"Dumore" Electric Drilling Machine..... 851
Wisconsin Sensitive Radial Drilling Machine...1153
Woelfe, Oscar M.:
Finding Radius of Circle 250
Woffington, John J.:
Splining Fixture for Gasoline Tractor Steering Arms 55
Wollaeger, Jr., Frank 1068
Women Employed on War Work 830
Women Employes in 1917, Increase in 899
Women Employes on Pennsylvania Railroad.... 308
Women in British Industries 887
Women in British Machine Shops 42
Women in Munition Factories, Employment of.. 921
Women in the Drafting-room. Donald A. Hampson 1040
Women in the Industries, Increased Employment of 509
Women Machinists, Training. I. C. Decatur and H. A. Chase 823
Women Oxy-acetylene Welders, Training School for 277
Women Supervisors for Munitions Plants, Employing 666
Women, War Work for. Luther D. Burlingame. 682
Women Workers in French Factories.....1062
Women Workers in Machine Shops..... 688
Women Workers in Machine Shops in Great Britain 597
Woman Workers in the Shop. Donald A. Baker. 451
Wood-boring Machine, Oliver 857
Wood for Railway Fuel 138
Wood, Henry M., Personal of 280
Wood Milling Machine, Oliver 560
Wood Patterns, Metal Protective Coating for.. 515
Woods Engineering Co.:
Tool and Cutter Grinder 469
Tool and Cutter Grinder 556
Thread Milling Machine 1056
Wooden Plugs with a Punch Press, Inserting. C. C. Spreen 739
Wooden Shells, Converting Motor Army Truck into Lathe for Turning 1122
Woodworth, Walter D.:
Making Whitworth Thread Gages..... 483
Woolley, Clarence M., Personal of..... 378
Woolley, Roy B., Personal of..... 378
Work-benches, Design and Construction of. Frank H. Mayoh 880
Work for Women' War. Luther D. Burlingame. 682
Work-holder, Drill Press. John A. Shand..... 345
Work-holding Arbors and Fixtures. Douglas T. Hamilton 145
Work in War Time, Eliminate Unnecessary.... 500
Work, Planning for War. Alfred Spangenberg. 789
Work Promptly, Loss Due to not Moving. Martin H. Ball 832
